Other Projects

- **Online Grocery Delivery App (BigBasket Clone) :** *May 2025 - Jun 2025*
  Developed the backend of an online grocery management system using Node.js, Express.js, and MongoDB with a focus on scalable architecture. Built core features like product listing, vendor bidding, and admin workflows. Designed RESTful APIs, implemented secure authentication, and ensured robust error handling and logging for a production-ready system. Collaborated with the frontend team for seamless integration.
- **Sketch It :** *Apr 2025*
  Developed **Sketch_IT**, a multiplayer sketch-and-guess game using HTML, CSS, JavaScript, Node.js, and Socket.io. Enabled real-time drawing and guessing with live communication between players. Used Express for routing and Socket.io for bidirectional messaging on the Node.js server. Managed word selection and role-based gameplay logic.
